a - The personal exemption takes the form of a tax credit instead of a deduction.

b - For joint returns, taxes are twice the tax on half the couple's income.

c - The income brackets reported for Oklahoma are for single persons. For married persons filing jointly, the same tax rates apply to income brackets ranging from \$2,000 to \$15,000.

d - Some or all of federal income tax paid is allowed to be deducted from state taxable income.

e - Deduction or exemption tied to federal tax system. Federal deductions and exemptions are indexed for inflation.

## **Selected 2016 Enacted Kansas Legislation**

### **Cigarette Tax**

Senate Bill 149 delays the taxation of e-cigarettes adopted by the 2015 Legislature from July 1, 2016 to January 1, 2017.

### **Income Tax**

Senate Bill 149 creates a new individual income tax checkoff program authorizing taxpayers to donate to local school districts of their choice. Moneys donated would be required to be treated as donations to school districts in accordance with K.S.A. 72-8210 and be reported as gifts for purposes of the Kansas Uniform Financial and Reporting Act.

The bill also changes the sunset for the Angel Investor Tax Credit program, which offers qualified investors transferable state income tax credits of 50 percent. The program is extended from tax year 2017 up to and including tax year 2021.

### **Liquor Tax**

Senate Bill 326 increases the amount of beer that can be manufactured with a microbrewery license, allowing production between 100 and 60,000 barrels of domestic beer in a calendar year for each microbrewery license issued in the state. The bill also allows a microbrewery to manufacture and distribute not more than 100,000 gallons of hard cider. It amends the definition of “wine” to include hard cider and any other product commonly known as a subset of wine. The bill requires at least 30% of the products utilized in the manufacture of hard cider to be Kansas grown unless authorized by the Director of Alcoholic Beverage Control. Additionally, the bill amends the Liquor Control Act to remove the one-year residency requirement for microbrewery, microdistillery, and farm winery licensees.

### **Property Tax**

House Bill 2088 accelerates by one year (from January 1, 2018 to January 1, 2017) the effective date of a tax lid for cities and counties, originally approved in 2015 legislation. Under the tax lid provisions, increases in property tax dollars levied beyond the rate of inflation generally require voter approval, except that certain types of property tax increases are exempt from the computation involved in determining whether mandatory elections are necessary. New clarifying language stipulates that the inflation measure utilized will be a five-year rolling average, and under no circumstances could a figure be utilized of less than zero.

Senate Bill 280 makes a number of changes in law generally relating to property taxation. In addition to other changes, the bill clarifies the law governing the issuance and review of Board of Tax Appeals (BOTA) decisions. An aggrieved party is authorized to file a petition for reconsideration after a full and complete opinion had been rendered. Another provision raises the interest rate for delinquent real property taxes by five percent. The bill defines “bed and breakfast” property defined as residential and eligible for the 11.5 percent assessment rate is expanded to include property with 5 or fewer bedrooms available for overnight guests who stay for not more than 28 consecutive days. It also

provides for a property tax exemption for tax years 2016 to 2020 for property owned and primarily operated as an airport by a healthcare foundation also exempt for federal income tax purposes. Another provision states that if the director of property valuation has developed and adopted methodologies to value specific types of property, the county appraiser shall be required to follow such methodologies. The bill allows for a mixed-use classification of residential and land devoted to agricultural use for a single parcel.

### **Sales Tax**

Senate Bill 149 provides a temporary sales tax exemption for the Gove County Healthcare Endowment Foundation, Inc. for the purpose of constructing and equipping an airport in Quinter, Kansas. The exemption sunsets on July 1, 2019.

An additional temporary sales tax exemption exempts all sales of tangible personal property and services purchased during calendar year 2016 necessary to construct, reconstruct, repair, or replace any fence damaged or destroyed by fire occurring during calendar year 2016.

The bill increases the cap on the amount of community improvement district sales taxes that the Department of Revenue may retain to help defray administrative costs. It is increased from \$60,000 to \$200,000.

Another provision requires placement on the individual income tax form for a line for payment of use tax on out-of-state and internet purchases where the tax was not previously paid (something the Department of Revenue already has been doing administratively for over a decade).

House Bill 2632 revises provisions of the Sales Tax and Revenue (STAR) Financing Act pertaining to the annexation of area into a STAR Bond district, pledges for future financial support from the state, an “eligible area,” and annual reporting to legislative committees. STAR Bond districts created and approved by the Secretary of Commerce by January 1, 2017, or later shall exclude tax increment financing derived from any sales tax revenues from retail automobile dealers. When a district adds area, the base tax year for the newly annexed area will be the 12-month period immediately prior to the month in which the new area is added to the STAR Bond district. “Eligible area” is redefined to include buildings that are 65 years old or older and contiguous lots which are vacant or condemned. The bill also allows for a portion of state sales and use tax revenues to be pledged to a STAR Bond district; under previous law, the pledge had to be all state sales and use tax revenues.

### **Motor Vehicle Legislation**

Senate Bill 373 authorizes the Kansas Turnpike Association (KTA) to instruct the Division of Vehicles of the Kansas Department of Revenue to require payment of any tolls due and owing to the county treasurer at the time of registration or renewal of registration, or otherwise to refuse to register or renew the registration of the vehicle until the amounts are paid to the satisfaction of the Director or the Director’s designee, if the outstanding amount of tolls due and owing by the registered owner exceeds \$100.

## **Selected 2016 Enacted Kansas Legislation**

House Bill 2289 amends the law concerning a driver's license suspension due to test refusal or test failure. Specifically, the bill requires a law enforcement officer's certification and notice of suspension to inform the person that constitutional issues cannot be decided at the administrative hearing, but may be preserved and raised in a petition for review of the hearing.

House Bill 2473 authorizes an Alzheimer's disease awareness license plate, authorizes those with additional types of distinctive military license plates to purchase decals indicating the owner has received certain military honors, removes a requirement certain notices be filed with the county clerk, and specifies certain requirements for city ordinances and county resolutions regarding towing apply only to ordinances or resolutions regarding towing from private property.

House Bill 2522 authorizes a laser-engraved photograph to be placed on a Kansas driver's license, instruction permit, or nondriver identification card. Additionally, it restricts a class M license of an applicant who passes a driving examination administered by the Division of Vehicles on a three-wheeled motorcycle, which is not an autocycle, the operation of a registered three-wheeled motorcycle. An applicant for a class M license who passes a driving examination on a two-wheeled motorcycle, may operate any registered two-wheeled or three-wheeled motorcycle. The bill authorizes electronic online renewal of a driver's license if permitted by the Director of Vehicles or the Director's designee and also adds a \$40 nonrefundable fee to accompany an application for a license to operate a motorized bicycle from a person who has had driving privileges suspended.

House Bill 2563 amends the definition of "nonhighway vehicle" to include any travel trailer that cannot be registered because it is not manufactured for the purpose of using the travel trailer on state highways and is not provided with the equipment for use on highways. The bill also amends the definition of "salvage vehicle" to include a travel trailer that cannot be registered because it has been wrecked or damaged to the extent it cannot meet safety requirements for operation on the highways.

### State Sales Tax Collections, Percent Change by County

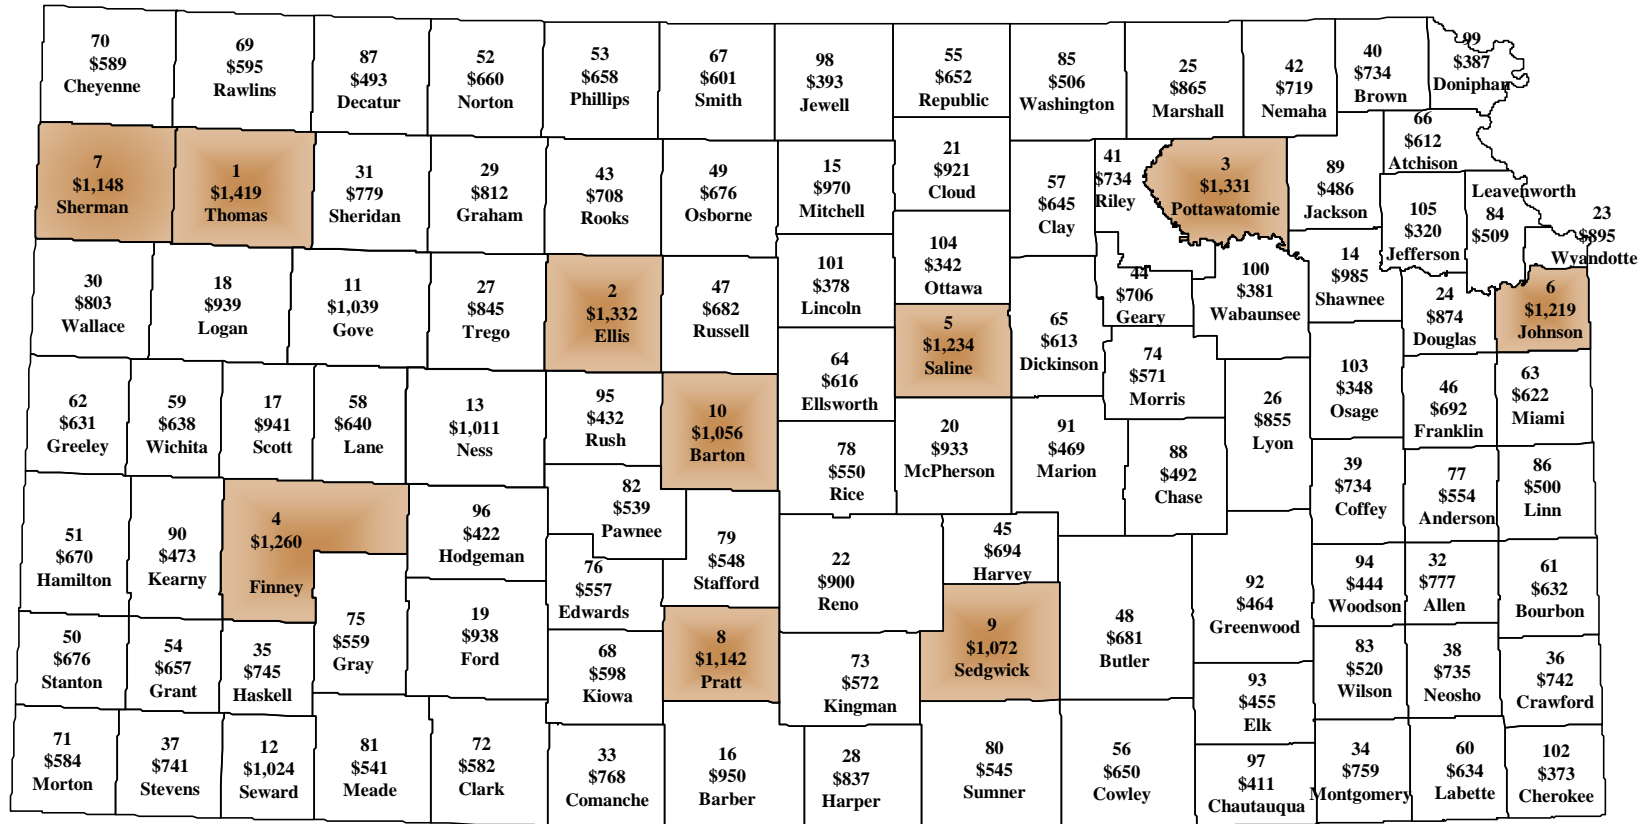

This map shows the Fiscal Year 2016 state sales tax collection percentage change over Fiscal Year 2015, by county. Total statewide percent change was a 6.0% increase. Details of this map are contained in pages 35 and 36 of this report.

### State Sales Tax Per Capita, with Rank by County

This map shows the Fiscal Year 2016 state sales tax paid per person, by county. The per capita figures are computed by dividing the sales tax collections for each county by its population. A high per capita figure may indicate either a high level of spending by each resident, or a high level of spending in the county by nonresidents or tourists. The shaded areas represent the ten highest per capita counties in the state. Details of this map are contained in pages 35 and 36 of this report.

## Kansas Local and State Use Tax Reported on K-40

Kansans who buy goods in other states or through catalogs, internet, mail-order companies, or from TV, magazine and newspaper ads must pay Kansas Use Tax on these purchases if the seller does not charge a Kansas tax equal to the Kansas Retailers' sales tax rate (state plus local) in effect where the item(s) will be used, stored or consumed.

Individual consumers report Kansas use tax owed on untaxed out-of-state purchases on the K-40 Individual Income Tax form. This is a component of the Total Kansas Local and Use tax amount, which includes tax reported on the K-40 and the tax reported by businesses and retailers.

## Homestead Property Tax Refunds

The Homestead Refund is a rebate of a portion of the property taxes paid on a Kansas resident's homestead. Your refund percentage is based on your total household income. If you own your home, the refund is a percentage of your general property tax. If you rent your home, a percentage of the rent paid for occupancy is used as the property tax amount. (*Effective Tax Year 2013, renters will no longer qualify for this refund.*) . In Tax Year 2014, the maximum refund was \$700 and the maximum household income was \$33,400. In Tax Year 2015, the maximum refund was \$700 and the maximum household income was \$34,000.

In 2008, the legislature enacted the Selective Assistance for Effective Senior Relief (SAFE SENIOR), which is a property tax refund program administered under the provisions of the Kansas Homestead Act. The refund is a percentage of the general property tax paid or to be paid. In Tax Year 2014, the maximum household income was \$18,900. In Tax Year 2015, the maximum household income was \$19,100. A claimant may receive either a Homestead or a SAFE SENIOR refund, but not both. During the last reported year, the Kansas Department of Revenue issued \$6,117,311 in SAFE SENIOR refunds to 5,842 homeowners. This is reported as a portion of the total homestead refunds issued.

## Assessed Valuation by Property Type, Tax Years 2014 and 2015

Assessed value is the value on which the tax burden to support local government services, special assessments and public schools is allocated among property owners. Appraised value X assessment % = assessed value. Personal property is every tangible thing that is the subject of ownership, not forming part or parcel of real property. Real property is land and all buildings, fixtures, improvements, mines, minerals, quarries, mineral springs and wells, rights and privileges appertaining thereto, except as otherwise specifically provided.

Special plate registrations are included in the appropriate vehicle category.

The above figures reflect registrations sold in the counties and reported to the Department of Revenue, Division of Vehicles, and should not be construed to be an exact number on the highways of the state.

## Driver License Fee Collections by Calendar Year

Driver licenses are issued by the Division of Vehicles for the operation of motor vehicles. The Division also issues Identification Cards. During the 1997 Legislative Session, House Bill 2073 was enacted. The bill extended the license renewal cycle from four to six years for licensed drivers between the ages of 21 and 65. All fees increased to the six-year rate at the previous cost per year.

## Liquor Excise Tax Gross Receipts

The liquor excise tax is a 10% retail tax on gross receipts from the sale of liquor on-premises at private clubs, drinking establishments open to the public and caterers. It is imposed on all alcoholic beverages, including cereal malt. Seventy percent of the collection is returned to the locality from which collected, 25% is credited to the State General Fund and 5% to the Community Alcoholism and Intoxication Programs Fund. This tax is collected by the Division of Tax Operations rather than the Division of Alcoholic Beverage Control.

## Liquor Enforcement Tax Gross Receipts

The liquor enforcement tax is imposed upon the gross receipts from the sale of liquor to consumers by retailers, microbreweries, and farm wineries. Also on the gross receipts from the sale of liquor and cereal malt beverage to clubs, drinking establishments, and caterers by distributors. This tax is collected by the Division of Tax Operations, rather than the Division of Alcoholic Beverage Control.

## **BIOSCIENCE INITIATIVE**

The 2004 Kansas Legislature created the Kansas Economic Growth Act to foster the growth of bioscience businesses in Kansas, to make Kansas a national leader in bioscience, and to make Kansas a desirable location for bioscience entities to locate and grow.

Bioscience is defined in K.S.A. 74-99b33(c) as, “the use of compositions, methods and organisms in cellular and molecular research, development and manufacturing processes for such diverse areas as pharmaceuticals, medical therapeutics, medical diagnostics, medical devices, medical instruments, biochemistry, microbiology, veterinary medicine, plant biology, agriculture, industrial, environmental, and homeland security applications of bioscience and future developments in the biosciences. Bioscience includes biotechnology and life sciences.”

Biotechnology means those fields focusing on technological developments in such areas as molecular biology, genetic engineering, genomics, proteomics, physiomics, nanotechnology, biodefense, biocomputing and bioinformatics and future developments associated with biotechnology. (K.S.A. 74-99b33(h))

Life sciences means without limitation, the areas of medical sciences, pharmaceutical sciences, biological sciences, zoology, botany, horticulture, ecology, toxicology, organic chemistry, physical chemistry and physiology and any future advances associated with the life sciences. (K.S.A. 74-99b33(k))

This bioscience initiative is funded by 95% of the current year Kansas withholding taxes in excess of 95% of the base year taxation (2003) from all bioscience companies and employees employed by state universities associated with bioscience research.

### **Kansas Bioscience Companies**

The Emerging Industry Investment Act (K.S.A. 74-99b33(d)) has defined bioscience company as follows: “a corporation, limited liability company, S corporation, partnership, registered limited liability partnership, foundation, association, nonprofit entity, sole proprietorship, business trust, person, group or other entity that is engaged in the business of bioscience in the state and has business operations in the state, including, without limitation, research, development, sales, services, distribution or production directed towards developing or providing bioscience products or processes for specific commercial or public purposes but shall not include entities engaged in the distribution or retail sale of pharmaceuticals or other bioscience products. The authority and the secretary of revenue shall jointly determine whether an entity qualifies as a “bioscience company” based on verifiable evidence. One of the factors that shall be considered is whether a company has been identified by the department of labor by one of the following NAICS codes: 325411, 325412, 325413, 325414, 325193, 325199, 325311, 325320, 334516, 339111, 339112, 339113, 334510, 334517, 339115, 621511, 621512, 541710, 541380, 541940 and 622110. Such company shall be presumed to be a bioscience company unless the authority and the secretary of revenue agree, based on verifiable evidence, that the company is not engaged in the business of bioscience in the state. A company identified by another NAICS code may be determined to be a bioscience company by the authority and the secretary of revenue based on verifiable evidence that the company is engaged in the business of bioscience in the state.”

### **Kansas State Universities**

The Emerging Industry Investment Act (K.S.A. 74-99b33(o)) has defined state universities as, “state educational institutions as defined in K.S.A. 76-711, and amendments thereto, and the municipal university as defined in K.S.A. 74-3201b, and amendments thereto.”

State educational institution means the university of Kansas, Kansas state university of agriculture and applied science, Wichita state university, Emporia state university, Pittsburg state university, and Fort Hays state university.” (K.S.A. 76-711(a))

Municipal university means Washburn university of Topeka or any other municipal university established under the law of this state. (K.S.A. 74-3201b(c))

The Kansas Department of Revenue and the Kansas Bioscience Authority have worked closely to determine the Kansas bioscience companies. Should a company be registered with the Kansas Department of Revenue with one of the appropriate NAICS codes as provided in K.S.A. 74-99b33(d), such company shall be presumed to be a “bioscience company”, and all Kansas withholding for employees employed by this bioscience company shall be included as bioscience data. It is assumed that the company has reported the NAICS to KDOR as is on file with the Department of Labor.

A company identified by another NAICS code may be determined to be a “bioscience company” by the Kansas Bioscience Authority and the Secretary of Revenue based on verifiable evidence that the company is engaged in the business of bioscience in the state. These companies have been identified under the “other” category.

K.S.A. 74-99b34 allows the state treasurer to make estimated payments to the Kansas Bioscience Authority. The Department of Revenue computes the quarterly estimated payments based on withholding deposit reports submitted to the Department by bioscience companies within a quarterly period. Withholding from the Kansas state universities is computed on an annual basis. Reconciliations are prepared periodically.

In 2016 the Kansas Legislature passed House Bill No. 2632 which authorizes the State Finance Council to oversee the sale of the Kansas Bioscience Authority or substantially all of its assets.
